MEMBER NEWS

[INSTALL Continues to Expand Training Opportunities in Central South Market](#)

Since the addition of the International Standards and Training Alliance (INSTALL) training at the North Texas Training Center in Arlington, Texas, efforts have grown to include Oklahoma as well. [Find out more.](#)

[MAPEI adds new self-levelers to “surface prep” family](#)

MAPEI introduced three highly engineered self-leveling underlayments (SLUs) with unique installation characteristics at the TISE West expo, held in Las Vegas on January 19-22. High-flow *Ultraplan*® LSC, lightweight *Ultraplan Lite* and rapid-setting *Ultraplan Quick Traffic* each have formulations that set them apart from traditional SLUs. [Learn more.](#)

[SikaBond® Remover: the new fast drying cleaner for hardwood floors](#)

This month, Sika Corporation Interior Finishing Business is releasing its new cleaner for SikaBond® adhesives. Named SikaBond® Remover, this fast drying cleaner has low odor, leaves no residue and can clean up adhesives even after they have cured. Aside from urethane adhesives, SikaBond® Remover can be used to remove scuffs, gum, label, tape and oily stains from surfaces including wood floors, carpets, walls, plastics, glass and clothing. [Learn more.](#)

[TEC® Products Prove Important in Regenstrief’s New Indianapolis Headquarters](#)

With help from innovative TEC® products, Schmidt Associates of Indianapolis designed the four-story, 80,000-square-foot building that will be home to the institute’s respected local, national and global research, housing 165 staff members and a large number of allied scientists. [Read more about this project.](#)

[Commercial Flooring Tradeshow and FCICA’s 34th Convention Sets Record Attendance](#)

“This year’s Convention was a huge success!” exclaimed Kim Oderkirk. “We had a record breaking number of attendees once again and a lot of insightful discussions. I hope to keep the momentum going through Mid-Year 2016; *Working Together is Success.* Don’t miss out!” Photos of Convention 2016 can be viewed at <http://www.fcica.com/events/convention-2016-photos>. [Read more about the Commercial Flooring Tradeshow and FCICA’s 34th Convention.](#)

INDUSTRY NEWS

[Haines Opens New Warehouse](#)

Haines has opened a 137,000 square-foot warehouse in Orlando, Fla. Located less than one mile away from the company’s previous facility, the new space is double the size and houses staff offices, a Supplies Center and pick-up location for customers. [Read more.](#)

Do you know an individual who has made a significant technical contribution to the advancement of the science of inspection, cleaning and restoration? The Institute of Inspection, Cleaning and Restoration Certification (IICRC) is now accepting nominations for the Keith Williams Award. [Learn more.](#)

Application, module and testing fees apply.

NEXT WEBINAR: THURSDAY, APRIL 21 AT 11AM

New Developments in Concrete Slab Moisture Mitigation

Presented by Jennifer Chambers, National Accounts Manager—VersaShield at Halex Corporation

- Understand the reasons for increased concerns about moisture in concrete and its effects on flooring
- Identify the effects that moisture issues have on public and the best testing practices for evaluating moisture in concrete
- Compare the key decision criteria for moisture mitigation alternatives by evaluating quantifiable data
- Explore planning and budgeting information for moisture mitigation during preplanning

THANK YOU PLATINUM & GOLD MEMBER SPONSORS!!!

Save money and time on moisture mitigation for concrete slabs.

No downtime.
No lost business.

Slash up to half the total cost with quick and effective moisture protection up to 99.5% RH.

Install today. In business tomorrow.

We took the stall out of install.

Just like the name says – Protect-All Rapid Weld™. Faster and easier to install than heat welding. Developed exclusively for Protect-All® flooring products, Protect-All Rapid Weld uses a chemical welding process that significantly reduces labor time and costs. You get more done in less time.

And the best part? Protect-All Rapid Weld lets customers walk all over their floor – not you. Experience this innovative approach to safe, durable flooring solutions.
